**15. Multidisciplinary / interdisciplinary**

The institution is trying to bring a paradigm shift in itself by bringing a holistic multidisciplinary institution. The

institution tries to produce all rounded and well equipped faculties by adopting various skills, capacities and knowing them the importance of values in social context. It tries to integrate its stakeholders with places and its surrounding. The institution is trying to convince students helps the students to learn sciences, technologies, mathematics with liberal arts along with humanities, languages, social sciences, professional skills, vocational skills, ethics, morality, human values. This integrated approach can make students more capable changing demands in present era. The institution will promote the aptitude and efficiency among the stakeholders in building a positive mindset and citizenship along with to open the doors of employability. Established research committee in the institute promotes students to conduct their research on social and cross cutting issues.

#### **16.Academic bank of credits (ABC):**

The institution tries to register itself on the official website of Academic Bank of Credits. Furthermore, it will try to publish the same data on student credits earned during or after the academic year. The institute tries to inform the students to participate actively in opening Academic Bank accounts on the ABC portal. The institution tries to inform them regularly about the complete procedure of ABC and its impotence in continual education.

#### **17.Skill development:**

Keeping in view the NEP 2020, the institution is continuously providing the value-based education to inculcate positivity among the learners. The institution organizes the guest lectures on ethics, constitution, national integrity, Gandhi's philosophy, etc.

Teachers ask students to think on what they consider to bear of their ideas and strength and use them in choosing the particular path of life. Teachers support them to receive and accept the feedback of trustful people or friends in life. Students are prompted to work on interpersonal skills effectively so that they must step outside their comfort zone and get into a setting which they might not naturally gravitate to. This teaching keeps them away from their introvert attitude. Sometimes they are also suggested to think on those situations on which they do not get the expected response, etc. Teachers intimate student to choose at least one vocational course before their graduation. The memorandum of understanding of the institute with other

cooperative banks also helps them in knowing the actual process of transaction in finance sectors. The institution has signed on a memorandum with a cooperative bank to make students aware of the whole system.

**18.Appropriate integration of Indian Knowledge system (teaching in Indian Language, culture, using online course)**

The present institution is meant for the co-education in which most the enrolled students reside to villages and hilly area. Their residing area is not as much as developed as we expect. They hardly receive the facilities from the government to upgrade their living standard and educational status. When they join the higher education they face many problems including up-down facility, lack of sufficient English proficiency. In these conditions the faculties try to use vernacular language as the means of teaching. Side by side bilingual communication occurs among students and faculties. The institution avails them stage in the form of cultural activities, youth festivals, wall posters, rangoli etc, to preserve the colloquial words of language, Indian art, customs, rituals etc. The institution prompts students to participate in inter-university cultural programs like adivasi dance, dumb show, poem writing, etc. Students with the help of the concerning faculties do the same to exposé their hidden qualities and indirectly portray the real picture of Indian village and society at a glance.

**19.Focus on Outcome based education (OBE):Focus on Outcome based education (OBE):**

The institution strictly adheres to the syllabus of the affiliating university and strives to implement the same in the classroom teaching. As the syllabus is framed in keeping in view imbining value-based education, many activities are organized at the institution to achieve its outcomes. The birth anniversaries, death anniversaries of the freedom fighters like Mahatma Gandhi, Bhagatsingh, Lokmanya Tilak and the anniversaries of social activists like Mahatma Jyotiba Phule, Dr. B. R. Ambedkar, Savitribhai Phule etc. are organized regularly at the institution keeping in view that students may adopt the teaching of these souls. Reaching at the goals and the objectives of the course,. Faculties use various tools like over head projector, showing the live videos on projector. Group discussion, seminars, quiz, etc are also organized at the institution. Preparation of a project on the environment is also mandatory to students. As a result of this students look at the environmental issue seriously and try

to rise in the mitigation of the severity of the issues. Meanwhile the speeches of the experts are also organised by the institution to inculcate the knowledge by the various experts.

## 20.Distance education/online education:

The open learning and distance education system emphasises open access to education and training to make the learners free from the binding of time and place. It aims at becoming teaching-learning process flexible and to create opportunities of employability. The new ODL system is Internet-based and fully technology orientated. As students are the centers of teaching-learning process, teachers have to be fully prepared to satisfy them. The faculties in many ways try to solve their problems and queries. They try to solve these problems and queries by sending them educational material through the ICT based tools like Google meet, zoom, etc. the faculties in the institution use the ICT based tools for sending them study material, videos of the lessons, give assignments and organize seminars to test them. Those students, who are not interested or were unable to join the classes on distance learning mode, were directed to attend the classes in open learning mode.

### CURRICULAR ASPECTS

#### 1.1 - Curricular Planning and Implementation

1.1.1 - The Institution ensures effective curriculum delivery through a well planned and documented process

Well planned mechanism in curricular designing carries faculties towards positive remarks from students. IQAC of the institution stands as a lighthouse for the effective curriculum delivery. Soon after the opening of the college after the vacations, the principal convokes the faculties for the meeting in the first week of the each new academic year. Along with the faculties, the principal summons the non-teaching staff to attend the meeting in the implementation of effective, transparent and smoother administration for the pupils. The principal suggests to use daily teaching diaries to maintain the record for teaching plan. The teachers adhere it strictly and attend the diaries with full preparation before they attend the classes. Principal directs them to prepare institutional academic calendar. As per the suggestions of the principal the departmental meetings are held periodically to complete syllabus. Various committees plan for the co-curricular, extension activities. Master time-table is displayed on the

notice board. The faculties provide students syllabus along with aims and objectives and try to prove them. Various tests, seminars, quiz etc. are organized by the faculty. Teachers use different teaching methods with ICT tools for effective learning. Before semester examinations, principal calls the meeting and reviews the syllabus. .

1.1.2 - The institution adheres to the academic calendar including for the conduct of Continuous Internal Evaluation (CIE)

Continual internal evaluation allows the teacher to detect weaknesses of students and identify their certain learning styles. Faculties prepare the evaluation time-table their level and ask students to appear the examination. As early as possible teachers identify the mistakes and lacuna of students during the classes, it helps teacher to change the method and inculcate the knowledge of the topic in another effective way. So, to know the progress of students, each teacher arranges the internal examinations, seminars, Group discussions, quiz, and mock-test during the classes. Sometimes teachers ask students to prepare a note of a special subject to receive the personal opinion of students. Teachers direct students to handle the topic personally and critically. Meanwhile the teachers show the weaknesses of the students which they commit in internal examination or in assignments to perform their better level in future.

### 1.3 - Curriculum Enrichment

#### 1.3.1 - Institution integrates crosscutting issues relevant to Professional Ethics, Gender, Human Values, Environment and Sustainability into the Curriculum

The university has framed the syllabus which includes various cross cutting issues and mostly neglected and important aspects in current era. The institution implements them effectively and boosts students to take proper actions to form Utopian society. The syllabus contains the history of freedom fighters like Mahatma Gandhi, Subhash Chandra Bose, Lokmanya Tilak, Gopal Ganesh Agarkar Dr. Babasaheb Ambedkar and Shahu Maharaj, etc. The syllabus also contains the social activities of heroic figures like Chatrapati Shivaji Maharaj, Savitribai Phule, Mahatma Phule, Karmaveer Bhaurao Patil, Baba Amte which boost students to adopt ethics in the upliftment of the society. The organ donation is the key note of the syllabus which make students aware of the donation of organs in life. The teaching of Lord Buddha, Mohammad Paigambar, Guru Gobindsing is also a part the study which help students to be honoured in society. Environmental awareness is the inseparable part of the final year students. It

helps them to know the various issues like pollution, degradation, deforestation and try to mitigate its effect on environment and human being. Students try to prepare project on the environmental issues and suggest plans to save the environment.

## 2.2 - Catering to Student Diversity

### 2.2.1 - The institution assesses the learning levels of the students and organizes special Programmes for advanced learners and slow learners

All the students attending the classes have different levels of thinking and adoption. Some students can understand the topic easily and a few among them are unable to understand it easily. So, it is a challenge to all faculties to make balance between students and topic taught. Teachers try to make balance among the advanced learners and slow learners. During the classes teachers make a list of the slow learners and advanced learners. The overall experience of teaching boosts teachers to find out whether a learner is slow or advanced. The faculties put forth the issues in the meeting with principal and both try to solve the issue. Teachers provide project work to the advanced students, teachers ask advanced learners to use library for extensive reading, they arrange seminars during classes and sometimes teachers arrange quizzes and puzzles for them and ask them to write assignments so that the advanced learners may participate in it and perform better. For the slow learners institution organizes deep teaching, remedial classes are arranged for them, teachers ask them to take note while teaching, they are also directed to use library and internet and attend the remedial classes

### 2.3 - Teaching- Learning Process

2.3.1 - Student centric methods, such as experiential learning, participative learning and problem solving methodologies are used for enhancing learning experiences

Teachers use different teaching methods like seminar method, reading method to make them attentive during the classes. Teachers use various tools to gain the additional knowledge on the topic that he knows less. He uses various tools like quizzes, question-answer method, and group discussion to make them as part of teaching learning process. When the students put their remark on a topic, teachers try to tell them what they need to express more to make his point effective. In experiential method, teachers ask students to prepare a project on the topic which he is interested in and finally teachers tell them what it lacked. Teachers ask students to teach a topic in class to make their active participation in teaching learning process. Teachers ask students to prepare tree diagrams, prepare pictures, paintings, taking notes, drawing maps, preparing food, selling food, sewing cloth, etc. on the basis of their previous knowledge.

2.3.2 - Teachers use ICT enabled tools for effective teaching-learning process. Write description

in maximum of 200 words

ICT enables the use of innovative educational resources and the renewal of learning methods, establishing a more active collaboration of students and the simultaneous acquisition of technological knowledge. ICT makes teaching-learning process live and more interested. Teachers in the institution use overhead projector during teaching. First of all teachers prepare the power point presentation and show its slides in the classes. Teachers sometimes use internet and show students a short film, educational movies, teachers show the interviews of eminent resource persons, short stories which are somewhat related to the syllabus. Teachers use ICT based lectures on phonetics and soft skills to develop the communicative skills of the students. Study material is also provided to the students through ICT media those who were not able to attend the classes. Online links of the study course are also provided to student.

**2.5 - Evaluation Process and Reforms**

**2.5.1 - Mechanism of internal assessment is transparent and robust in terms of frequency and**

mode. Write description within 200 words.

Assessment of the students is more important to find whether the students are able to understand the teachers or not and whether the aims and objectives of the syllabus are fulfilled or not. Examination cell and faculties implement and review the internal assessment of the students as per the university rules and time table is displayed on the notice board. Teachers conduct unit tests and seminars, assignments to evaluate the students' assessment. Internal record books are provided to students. The students, who are not able to appear the internal examinations due to their engagements in sports and cultural activities or due to personal valid reasons, are permitted to appear internal tests. After this, teachers help them to improve the performance better in future. Teachers also put model answers before the students to write the examination again in future. Seminar oriented evaluation is another part of the internal assessment of students. Here, teachers note the body language of each student, his skill to deal with a point and way to face the question-answer session in classroom. During the examinations use of the mobiles is strictly prohibited and grievance committee solve the problems of students to make it transparent and robust

2.5.2 - Mechanism to deal with internal examination related grievances is transparent, time-bound and efficient

Internal Examinations are conducted by the institution to evaluate students' performance of theory and practical. Internal Assessment is done via one test one and one assignment of each subject during a semester. Before conducting the internal examinations, teachers along with the principal and the students summon a meeting regarding the completion of the syllabus and later on the examinations are conducted. The time-table of the internal examinations is prepared and the same is displayed on the notice board. The internal examinations are strictly adhered to the time table and each student is directed to follow the rules of the examinations. After the examinations the faculties call to students personally and show them their performance in the internal examination. Even if the students are not satisfied

with the teachers' evaluation they are asked to put their opinions regarding their performance of the internal examination untill they are fully satisfied.

## 2.6 - Student Performance and Learning Outcomes

2.6.1 - Teachers and students are aware of the stated Programme and course outcomes of the Programmes offered by the institution.

The syllabus prescribed by the university is strictly followed and implemented by the institution regularly. Before prescribing the syllabus, the university has aims and objectives of that programmes and courses. Teachers try their level best to reach at the aims and objectives of course. The college displays these programme outcomes and course outcomes on its website as ready reference for its stakeholders, in particular for students and teachers. Each Department maintains programme outcomes of each programme and course. Whenever there is change in curriculum made by the affiliating university, obviously the specific course outcomes also change accordingly. So, to maintain the outcomes of the syllabus respective teachers communicate the change of the syllabus and its outcomes to students. At the very beginning of the teaching of any course, teachers make the students aware of intended outcomes. Before introducing the course, teachers provide the changed syllabus to the students and inform them and when these programme outcomes and course outcomes are proved, students are reminded about its attainment

2.6.2 - Attainment of Programme outcomes and course outcomes are evaluated by the institution.

The achievement of the students after the course is monitored regularly by all teachers in the institution. To achieve the course outcomes and programme outcome, the faculties and the head of each department try to endeavor for it. After conducting the internal examinations, teachers assess the internal examination papers and try to put the same before the students to make them aware of the performance. The methods adopted for the evaluation of the course outcome and programme outcome are test, seminar, assignments. In addition to that teachers arrange group discussions, projects etc. The faculties are instructed to initiate measures to improve students' performance in the examination accordingly. Teachers make the students realize attainment of respective outcomes after those parts in the curricula are completely covered. Teachers use feedback of the students and alumni to determine the course outcomes. In addition to this, after the students pass out by completing a program, their progression to higher studies and their placements are the two main parameters which help in evaluating the attainment of programme outcomes and course outcomes

## 7.3 - Institutional Distinctiveness

7.3.1 - Portray the performance of the Institution in one area distinctive to its priority and thrust

within 200 words

The institution always strives to maintain its distinctiveness. During the Covid 19 pandemic, the whole social system and educational system was uprooted. The facilities of the institution engaged the classes via zoom meet, Webex or Google meet. The faculties along with teaching, preparation for the examinations communicated students about the hazards of covid-19 pandemic and placed the precautions of the disease. Those students who were not able to attend the classes due to lack of their mobiles or non-availability of internet facility regularly were sent the videos of the study material. The online teaching activity of the faculty during the Covid pandemic boosted students to be positive minded and kept them away from the monotonous milieu created by the media.

The NSS unit of the college adopted Injangan west for cleanliness, health and eco-friendly environment. The NSS unit also put various chances for the sources of employability. The villagers were also motivated to mitigate the natural disasters. The unit directed them the importance of organic farming, importance of women saving group, plantation, and land conservation in the current era. The villagers were promoted to construct toilets and use it regularly to keep atmosphere healthy and hygiene.

## Part B

### CURRICULAR ASPECTS

#### 1.1 - Curricular Planning and Implementation

1.1.1 - The Institution ensures effective curriculum delivery through a well planned and documented process

Well planned mechanism in curricular designing carries faculties towards positive remarks from students. IQAC of the institution stands as a lighthouse for the effective curriculum delivery. Soon after the opening of the college after the vacations, the principal convokes the faculties for the meeting in the first week of the each new academic year. Along with the faculties, the principal summons the non-teaching staff to attend the meeting in the implementation of effective, transparent and smoother administration for the pupils. The principal suggests to use daily teaching diaries to maintain the record for teaching plan. The teachers adhere it strictly and attend the diaries with full preparation before they attend the classes. Principal directs them to prepare institutional academic calendar. As per the suggestions of the principal the departmental meetings are held periodically to complete syllabus. Various committees plan for the co-curricular, extension activities. Master time-table is displayed on the notice board. The faculties provide students syllabus along with aims and objectives and try to prove them. Various tests, seminars, quiz etc. are organized by the faculty. Teachers use different teaching methods with ICT tools for effective learning. Before semester examinations, principal calls the meeting and reviews the syllabus. .

1.1.2 - The institution adheres to the academic calendar including for the conduct of Continuous Internal Evaluation (CIE)

Continual internal evaluation allows the teacher to detect weaknesses of students and identify their certain learning styles. Faculties prepare the evaluation time-table their

level and ask students to appear the examination. As early as possible teachers identify the mistakes and lacuna of students during the classes, it helps teacher to change the method and inculcate the knowledge of the topic in another effective way. So, to know the progress of students, each teacher arranges the internal examinations, seminars, Group discussions, quiz, and mock-test during the classes. Sometimes teachers ask students to prepare a note of a special subject to receive the personal opinion of students. Teachers direct students to handle the topic personally and critically. Meanwhile the teachers show the weaknesses of the students which they commit in internal examination or in assignments to perform their better level in future.

## 2.2 - Catering to Student Diversity

2.2.1 - The institution assesses the learning levels of the students and organizes special Programmes for advanced learners and slow learners

All the students attending the classes have different levels of thinking and adoption. Some students can understand the topic easily and a few among them are unable to understand it easily. So, it is a challenge to all faculties to make balance between students and topic taught. Teachers try to make balance among the advanced learners and slow learners. During the classes teachers make a list of the slow learners and advanced learners. The overall experience of teaching boosts teachers to find out whether a learner is slow or advanced. The faculties put forth the issues in the meeting with principal and both try to solve the issue. Teachers provide project work to the advanced students, teachers ask advanced learners to use library for extensive reading, they arrange seminars during classes and sometimes teachers arrange quizzes and puzzles for them and ask them to write assignments so that the advanced learners may participate in it and perform better. For the slow learners institution organizes deep teaching, remedial classes are arranged for them, teachers ask them to take note while teaching, they are also directed to use library and internet and attend the remedial classes

### 2.3 - Teaching- Learning Process

2.3.1 - Student centric methods, such as experiential learning, participative learning and problem solving methodologies are used for enhancing learning experiences

Teachers use different teaching methods like seminar method, reading method to make them attentive during the classes. Teachers use various tools to gain the additional knowledge on the topic that he knows less. He uses various tools like quizzes, question-answer method, and group discussion to make them as part of teaching learning process. When the students put their remark on a topic, teachers try to tell them what they need to express more to make his point effective. In experiential method, teachers ask students to prepare a project on the topic which he is interested in and finally teachers tell them what it lacked. Teachers ask students to teach a topic in class to make their active participation in teaching learning process. Teachers ask students to prepare tree diagrams, prepare pictures, paintings, taking notes, drawing maps, preparing food, selling food, sewing cloth, etc. on the basis of their previous knowledge.

**2.5 - Evaluation Process and Reforms**

2.5.1 - Mechanism of internal assessment is transparent and robust in terms of frequency and mode. Write description within 200 words.

Assessment of the students is more important to find whether the students are able to understand the teachers or not and whether the aims and objectives of the syllabus are fulfilled or not. Examination cell and faculties implement and review the internal assessment of the students as per the university rules and time table is displayed on the notice board. Teachers conduct unit tests and seminars, assignments to evaluate the students' assessment. Internal record books are provided to students. The students, who are not able to appear the internal examinations due to their engagements in sports and cultural activities or due to personal valid reasons, are permitted to appear internal tests. After this, teachers help them to improve the performance better in future. Teachers also put model answers before the students to write the examination again in future. Seminar oriented evaluation is another part of the internal assessment of students. Here, teachers note the body language of each student, his skill to deal with a point and way to face the question-answer session in classroom. During the examinations use of the mobiles is strictly prohibited and grievance committee solve the problems of students to make it transparent and robust

2.5.2 - Mechanism to deal with internal examination related grievances is transparent, time-bound and efficient

Internal Examinations are conducted by the institution to evaluate students' performance of theory and practical. Internal Assessment is done via one test one and one assignment of each subject during a semester. Before conducting the internal examinations, teachers along with the principal and the students summon a meeting regarding the completion of the syllabus and later on the examinations are conducted. The time-table of the internal examinations is prepared and the same is displayed on the notice board. The internal examinations are strictly adhered to the time table and each student is directed to follow the rules of the examinations. After the examinations the faculties call to students personally and show them their performance in the internal examination. Even if the students are not satisfied

with the teachers' evaluation they are asked to put their opinions regarding their performance of the internal examination until they are fully satisfied.

## 2.6 - Student Performance and Learning Outcomes

2.6.1 - Teachers and students are aware of the stated Programme and course outcomes of the Programmes offered by the institution.

The syllabus prescribed by the university is strictly followed and implemented by the institution regularly. Before prescribing the syllabus, the university has aims and objectives of that programmes and courses. Teachers try their level best to reach at the aims and objectives of course. The college displays these programme outcomes and course outcomes on its website as ready reference for its stakeholders, in particular for students and teachers. Each Department maintains programme outcomes of each programme and course. Whenever there is change in curriculum made by the affiliating university, obviously the specific course outcomes also change accordingly. So, to maintain the outcomes of the syllabus respective teachers communicate the change of the syllabus and its outcomes to students. At the very beginning of the teaching of any course, teachers make the students aware of intended outcomes. Before introducing the course, teachers provide the changed syllabus to the students and inform them and when these programme outcomes and course outcomes are proved, students are reminded about its attainment

2.6.2 - Attainment of Programme outcomes and course outcomes are evaluated by the institution.

The achievement of the students after the course is monitored regularly by all teachers in the institution. To achieve the course outcomes and programme outcome, the faculties and the head of each department try to endeavor for it. After conducting the internal examinations, teachers assess the internal examination papers and try to put the same before the students to make them aware of the performance. The methods adopted for the evaluation of the course outcome and programme outcome are test, seminar, assignments. In addition to that teachers arrange group discussions, projects etc. The faculties are instructed to initiate measures to improve students' performance in the examination accordingly. Teachers make the students realize attainment of respective outcomes after those parts in the curricula are completely covered. Teachers use feedback of the students and alumni to determine the course outcomes. In addition to this, after the students pass out by completing a program, their progression to higher studies and their placements are the two main parameters which help in evaluating the attainment of programme outcomes and course outcomes

### 7.3 - Institutional Distinctiveness

7.3.1 - Portray the performance of the Institution in one area distinctive to its priority and thrust within 200 words

The institution always strives to maintain its distinctiveness. During the Covid 19 pandemic, the whole social system and educational system was uprooted. The facilities of the institution engaged the classes via zoom meet, Webex or Google meet. The faculties along with teaching, preparation for the examinations communicated students about the hazards of covid-19 pandemic and placed the precautions of the disease. Those students who were not able to attend the classes due to lack of their mobiles or non-availability of internet facility regularly were sent the videos of the study material. The online teaching activity of the faculty during the Covid pandemic boosted students to be positive minded and kept them away from the monotonous milieu created by the media.

The NSS unit of the college adopted Injangan west for cleanliness, health and eco-friendly environment. The NSS unit also put various chances for the sources of employability. The villagers were also motivated to mitigate the natural disasters. The unit directed them the importance of organic farming, importance of women saving group, plantation, and land conservation in the current era. The villagers were promoted to construct toilets and use it regularly to keep atmosphere healthy and hygiene.
